90-degree installation of double-glass panels

Overview

On a 90 degree enclosure, there are typically two walls made of glass and two tiled walls. This popular corner shower style is similar to an inline shower enclosure, except that it has an additional glass.

90-degree installation of double-glass panels

90 Degree Glass to Glass Clamp

This stainless steel glass clamp is a 90-degree glass-to-glass clamp, it is designed to securely attach two glass panels at a 90-degree angle, creating a ...
