

## SolarInvert Energy Solutions

# Canadian communication base station manufacturer

## Overview

---

What is the wireless communication equipment industry?

The wireless communication equipment industry is a dynamic sector that caters to both commercial and individual needs. Companies within this industry deliver cutting-edge technology and communication systems, encompassing diverse products such as two-way radios, 5G networks, video surveillance systems, and various semiconductor products.

Who uses Setcom communications equipment?

Firefighters and police officers have relied on Setcom's communications equipment for over 45 years. Established in Quebec in 1964, Trans-Canada Energies Distribution is the leader in high-performance battery products for the two way radio industry.

Why should you choose a PPK base station?

Our PPK Base Stations offer exceptional flexibility for field operations, meeting a wide range of professional needs with high accuracy and reliability. Choosing a selection results in a full page refresh.
