Overview

What type of power outlet does Thailand use?

Thailand uses power outlets and plugs of types A, B, C & O. Take a look at the pictures below to see what these plugs and power sockets look like: Doesn't look familiar?

Do the outlets look different in your country?

You'll need a power plug adapter. Type A - Mostly used in the US, Canada, Mexico, Central America, China and Japan.

What is the mains voltage in Thailand?

What is the mains voltage in Thailand ?

Just like most of the world, the voltage in Thailand is 230 volts and the frequency is 50 Hz. In the past, Thailand conformed to the American plug and socket standard (types A & B), which, from a safety perspective, was not the wisest choice.

Where can I buy a power adapter for Thailand?

There are many different types of adapters available on Amazon that can be used in Thailand. You can purchase a universal adapter that will fit most outlets in the world, or you can purchase a specific adapter for Thailand. → Find travel adapters on Amazon. What Voltage and Frequency Are Used in Thailand?

.

Do device plugs work in Thailand?

Most device plugs will work with the outlet types A and B in Thailand but an adapter will be needed for type C. Also, the voltage in Thailand is different from American voltages. Please note: an adapter will be needed if your device

plug has a grounding pin and you are trying to use a Type A outlet.

How many types of plugs and sockets are there in Thailand?

You might be surprised to learn that there are in fact 4 main different types of plugs and sockets used in Thailand! Here's the list: The most commonly-found sockets are the ones that fit the two-pronged (round or flat) plugs, although many newly-built structures now feature the third grounding prong.

Do you need a plug adapter in Thailand?

Travelers from the United Kingdom face a different situation. UK plugs are Type G, characterized by three rectangular pins 3. These plugs do not directly fit into any of the Thai socket types (A, B, C, F, or O) 3. Consequently, tourists from the UK will definitely need a plug adapter to use their electrical appliances in Thailand 1.
