

## SolarInvert Energy Solutions

# 15v energy storage cabinet battery

## Overview

---

What is a 15V lithium battery?

Our 15V lithium batteries are perfect for high-performance applications, offering long-lasting power for energy storage and devices. Discover efficient energy storage with our premium battery solutions.

What is egbatt 15kWh lithium battery?

The EGbatt 15kWh Lithium Battery is a low-voltage home storage battery with a nominal voltage of 51.2V that stores energy from the PV panel and discharges it when needed. Used in conjunction with a compatible inverter, it allows for energy backup, lower power costs, and enhanced PV self-consumption.

What is a compact energy storage system?

The compact design integrates the battery and inverter into a single unit, saving valuable space while simplifying installation and operation. This fully integrated energy storage system offers an all-in-one design that simplifies installation and operation, making it a plug-and-play solution for residential energy needs.

What is a fully integrated energy storage system?

This fully integrated energy storage system features a comprehensive all-in-one design, incorporating essential switches for battery fuses, photovoltaic input, utility grid, load output, and diesel generators.
