

SolarInvert Energy Solutions

800W solar charging power

Overview

A 800W solar panel can power a number of home or business applications, including an inverter for a TV, charging laptops and a coffee maker, and a large, energy efficient fridge. It can also recharge batteries, power lights and other small devices.

800W solar charging power

Renogy 8 -Module 41.8-in x 20.9-in 800-Watt Solar Panel

The eight 100W solar panels don't take up much roof space, but their energy can offset some large-size loads such as television, washing ...
