

## SolarInvert Energy Solutions

# 90kW frequency conversion cabinet inverter module

## Overview

---

What is a 90 kW inverter?

90 kW (125 hp) frequency inverter, three phase 220V /415V /480V AC  $\pm 15\%$  input and 3 phase AC 0~input voltage output. Come with an intelligent cooling fan and digital display, 3 phase variable frequency drive usually applies in motor drives, renewable energy systems, and uninterruptible power supplies.

What is a multi-function keyboard in a 90kW variable frequency drive inverter?

The multiple-function keyboard of frequency phase inverters control the operation of the 90kw variable frequency drive inverter, such as start, stop, and acceleration.

How does a 90 kW variable frequency inverter work?

90 kW variable frequency inverter comes with an IP 20 protection rating and works at (-10°C, 40°C). Automatic voltage regulation of frequency inverter can keep constant output voltage when power source voltage varies. Equipped with an electronic display, the frequency drive inverter's parameter can be adjustable in real-time.

What is a 90 kW 3 phase inverter?

90 kW 3 phase inverter 230V, 400V, 460V, IP 20 enclosure rating, V/F control mode, 5%-95%, without condensation. The 3 phase variable frequency inverter with input frequency 50Hz / 60Hz has good performance, such as overcurrent protection, overvoltage protection, and undervoltage protection.

What is i550 cabinet frequency inverter?

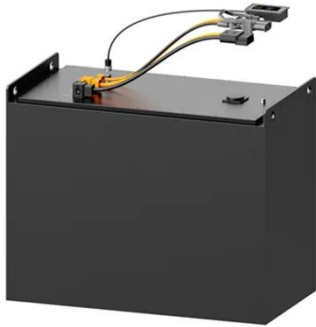

The i550 cabinet frequency inverter is a compact control cabinet device with scalable functionality. It is versatile, reliable, and easy to use. The requirements of the Ecodesign Directive, Standard EN IEC 61800-9-2, are met.

What is frequency inverter?

Frequency inverter is a dedicated accessory of inverter cabinet ,the variable frequency control the speed and the main technical parameters depends on the specification of built-in inverter and external configuration. Inverter cabinet have big difference according to the use of different application and different functions.

## 90kW frequency conversion cabinet inverter module
