

## SolarInvert Energy Solutions

# African lead-acid energy storage battery manufacturers

## Overview

---

Below we identify the best eight lead-acid battery companies in Africa that will keep you powered up forever: 1) Trojan Battery Company 2) Exide Technologies 4) First National Battery 5) Chloride Exide 6) Deka Battery 7) Willard Batteries 8) Ritar PowerWhich battery brand is most popular in East Africa?

6. Chloride Exide (Kenya) Chloride Exide is East Africa's most established battery brand. Though traditionally known for lead-acid batteries, they are expanding into lithium-ion and hybrid storage for rural and peri-urban energy needs.

How big is the Africa battery market?

The Africa Battery Market is expected to reach USD 4.66 billion in 2024 and grow at a CAGR of 6.55% to reach USD 6.41 billion by 2029. Duracell Inc, Panasonic Corporation, Toshiba Corporation, Exide Industries Ltd and Murata manufacturing Co Ltd are the major companies operating in this market.

Who are the key players in the African battery market?

The African battery market is moderately fragmented. Some of the key players in this market (not in particular order) include Toshiba Corp., Murata Manufacturing Co. Ltd, Exide Industries Ltd, Panasonic Corporation, and Duracell Inc. \*Disclaimer: Major Players sorted in no particular order Need More Details on Market Players and Competitors?

.

What will Africa's battery manufacturing landscape look like in 2025?

Africa's battery manufacturing landscape in 2025 is rapidly evolving. While South Africa leads in innovation and scale, countries like Kenya, Nigeria, and Rwanda are growing hubs for battery assembly and hybrid systems. As the continent electrifies, these manufacturers are not just building batteries, they're powering opportunities.

Will South Africa see significant growth in battery market in 2022?

In 2022, the country spent around USD 700 million on importing lithium-ion cells and batteries. Hence, owing to the above points, South Africa is expected to see significant growth in the African battery market during the forecast period.

What is a battery energy storage system?

The Battery Energy Storage Systems (BESS) project, which will create a 360 MW storage system across several renewable energy plants controlled by Eskom, South Africa's state-owned utility, was announced in November 2021.
