

## SolarInvert Energy Solutions

# Angola Smart Solar System Application

- ✓ High energy density and long cycle life
- ✓ Modular structure

No need to replace the battery

Shorter charging time

Meets 99% EV car

## Overview

---

What is the Angola solar project?

The Angola Solar Project creates new opportunities for Angolan communities that will no longer be forced to rely on and pay for gasoline or diesel generators. Each one of the five projects that comprises the Angola Solar Project will supply the needs of 500,000 Angolan homes, mainly in rural areas.

How can solar energy be harnessed in Angola?

The most appropriate technology to harness the solar resource in Angola is the production of electricity through photovoltaic systems. This technology currently presents the fastest <sup>o</sup>installation time (less than 1 year) and lowest maintenance costs.

How much solar energy does Angola have?

**SOLAR ENERGY: 100 MW UNTIL 2025** Angola has a high solar resource potential, with an annual average global horizontal radiation between 1.350 and 2.070 kWh/m<sup>2</sup>/year. Solar energy constitutes the largest and more uniformly distributed renewable resource of the country.

How many homes will a solar project supply in Angola?

Each one of the five projects that comprises the Angola Solar Project will supply the needs of 500,000 Angolan homes, mainly in rural areas. Sun Africa was awarded the prestigious "ECA/DFI-backed deal of the year" by "TXF Perfect 10" for Sun Africa's 370 MW solar PV project in Angola.

Is electricity a viable alternative to diesel in Angola?

Medium and large scale projects in the Eastern System and in isolated systems - without batteries - present in Angola a levelized cost of electricity inferior to \$0,2/kWh, representing therefore an economic alternative to diesel.

What is a solar project in Lunda Norte?

This project in Lucapa, Lunda Norte, includes a 5.46 MWac Photovoltaic (PV) solar and associated transmission interconnection infrastructure. We're only as strong as the country we make connections with. If you're interested in Sun Africa, we'd love to hear from you.
