# Angola invests in energy storage project

## Overview

---

Eni announced plans by Azure Energy – an Eni-bp joint venture – to invest \$5 billion in the market over the next several years while TotalEnergies shared plans to invest \$3 billion through its Dalia Life Extension project. Should Angola invest in energy storage solutions?

With the ongoing solar projects under development in Angola with an installed capacity amounting to 500 MW, it is urgent to start thinking about efficient energy storage solutions. What structural challenges must be addressed for Angola to seize its renewable energy potential?

.

Will Eni invest \$5 billion in Angola?

REUTERS/Edgar Su/ File Photo Purchase Licensing Rights LUANDA, Sept 3 (Reuters) - Azure Energy, the joint venture between Italian oil and gas explorer Eni (ENI.MI) and BP (BP.L), expects to invest another \$5 billion in Angola over the next four to five years, Eni's Chief Operating Officer Guido Brusco told Reuters on Wednesday.

Can Angola deploy pumped-storage hydroelectricity & hydrogen solutions?

Fernando Prioste, CEO of COBA Group, talks to The Energy Year about Angola's potential for deploying pumped-storage hydroelectricity and hydrogen solutions as it develops a robust energy industry and the central role of COBA Group in the country's power arena.

Can a gas grid be used in Angola?

This is not possible in Angola as there is no gas grid, but the hydrogen obtained from renewable energies can be shipped overseas or converted into ammonium. In turn, this chemical compound can be used as an energy storage component that could be exported or used for the fertiliser industry.

Can Angola achieve energy self-sufficiency?

Angola has everything it needs to achieve energy self-sufficiency through renewable sources – not only water, but also sun and wind. With these three natural resources, Angola could achieve the transition from oil and gas to renewable energies, and then boost its energy self-sufficiency.

How much will Azure Energy Invest in Angola?

Azure Energy, the joint venture between Italian oil and gas explorer Eni and BP, expects to invest another \$5 billion in Angola over the next four to five years, Eni's Chief Operating Officer Guido Brusco told Reuters on Wednesday.
