

## SolarInvert Energy Solutions

# Austria base station distribution box

## Overview

---

What is a Wieland distribution box?

The Wieland distribution boxes accommodate all required components of the electrical installation as well as building automation on a project-specific basis. The distributor boxes can be viewed as a black box that provides the appropriate interfaces to the field and management levels. What do I need to consider during installation?

.

What is a distribution box?

These Distribution Boxes enable decentralized installation of the electronics close to the load. The range of applications extends from pure energy distribution in buildings to building automation and through to industrial plants. SMART DISTRIBUTION BOXES FOR FLEXIBLE BUILDINGS.

Can the Wieland distribution boxes be colored?

Yes, the Wieland distribution boxes can be colored according to your wishes. DISTRIBUTION BOXES - Brochure 0702.1 | 10 MB EXHIBITION DISTRIBUTORS gesis® WIV - Brochure 0705.1 | 4 MB Installation Column - Customized Solutions - Brochure 0404.1 | 7 MB Distribution Box - Smart Installation Brochure 0704.1 | 897 KB.

Are GESIS® ran distribution boxes reliable?

Don't be put on hold. Our experts will call you. The gesis® RAN distribution boxes from Wieland are the reliable solution for your electrical power distribution needs » designed for durability and reliability!.

Are Wieland distribution boxes IEC 61439 compliant?

The Wieland distribution boxes, in compliance to IEC 61439, together with our installation connector systems, in compliance to IEC 61535, as well as its

system components form the nervous system of a building for decentralized electrical installation.

What tests are carried out in a distribution box?

The distribution boxes are subject to a type test, which includes EMC, temperature, IP, the IK test and the corrosion test. In addition, a routine test is carried out, which consists of a visual inspection, a short-circuit and polarity reversal test and a continuity test. A functional test can be performed at the customer's request.
