

SolarInvert Energy Solutions

Austria s largest energy storage power station

Overview

Slovenian company NGEN has commissioned what is being described as Austria's largest battery energy storage system (BESS). Located in Fürstenfeld, the facility has 24 MWh in capacity and a maximum output of 12 MW.

Austria s largest energy storage power station

Efficient Higher Revenue

- Max. Efficiency 97.5%
- Max. PV Input Voltage 600V
- 100% Peak Output Power
- 3 MPPT Trackers, 100% DC Input Utilization
- Max. PV Input Current 15A, Compatible with High Power Modules

Intelligent Simple O&M

- IP68 Protection Degree: support outdoor installation
- Smart I-V Curve Diagnosis Function: locate PV string faults accurately and automatically detect faults
- DC A-AC Type II SPD: prevent lightning damage
- Battery Reverse Connection Protection

Flexible Abundant Configuration

- Plug & Play, EPS Switching Under 30ms
- Compatible with Lead-acid and Lithium Batteries
- Max. 6 Units Inverters Parallel
- AFCI Function (Optional): when an arc fault is detected the inverter immediately stops operation
