Azerbaijan Power Storage Project

Overview

Will Azerbaijan deploy a battery energy storage system?

Signing of documents in Baku, Azerbaijan. Image: Republic of Azerbaijan, Ministry of Energy. Power plant developer ACWA Power and the government of Azerbaijan have signed an agreement to potentially deploy a battery energy storage system (BESS) in the central Asian country.

What is Azerbaijan's 200 MW Bess project?

The 200 MW BESS project, a key initiative in Azerbaijan's renewable energy expansion, was formalized in May 2024 through an agreement between ACWA Power and the Ministry of Energy. Strategic importance for Azerbaijan.

How will Azerbaijan & ACWA Power work together in 2024?

In May 2024, ACWA Power and Azerbaijan formalized their partnership via an Implementation Agreement that marks a substantial move toward enhancing the country's energy infrastructure. The BESS project aims to mitigate the intermittent nature of renewable sources like wind and PV, by ensuring energy is efficiently stored and dispatched.

What does ACWA Power do for Azerbaijan?

Polina Liubomirova, ACWA Power's Director of Business Development for Azerbaijan, emphasized ACWA Power's extensive experience in delivering large-scale energy projects. Globally, its portfolio spans six gigawatt hours in battery storage across various operational stages—underlining its capacity to bring cutting-edge solutions to Azerbaijan.
