Bosnia and Herzegovina Energy Storage Lithium Battery Factory

Overview

Is there a lithium deposit in Bosnia & Herzegovina?

Bosnia and Herzegovina. Stock image. Swiss miner ARCORE said on Friday its exploration in eastern Bosnia had found mineral deposit rich in lithium carbonate, magnesium and other minerals that are in demand in Europe.

Should Bosnia's Serb project be a missed opportunity?

Bosnia's fiery Serb leader Milorad Dodik has called the project -- which would be located in the country's Serb statelet -- "an opportunity for development that should not be missed".

Where in Bosnia is a gold deposit located?

The deposit, located about 140 km north of the Bosnian capital Sarajevo, in the country's autonomous Serb Republic, was scientifically estimated and confirmed by expert reports in 2022, and also by the regional mining and energy ministry this year, the company said.
