British pack lithium battery factory

Overview

Is Imerys British lithium a 'warmly welcomed' move?

Imerys British Lithium also said it was a move being "warmly welcomed". Mr Wrathall said his company welcomed "the fact that the government is clearly stepping up efforts to support the electric vehicle and battery supply chain in the UK".

Where will Tata build Britain's biggest battery manufacturing facility?

Agratas, Tata Group's global battery business, will build Britain's biggest battery manufacturing facility at the Gravity Smart Campus near Bridgwater, Somerset. Agratas is taking a community-first approach, holding an introductory event in the coming weeks for locals to learn more about the company and meet the team.

What is a custom battery pack?

Custom battery packs validated by ISO13485 processes and developed for medical devices, instruments and equipment which are battery-powered. From telecoms to GPS and tracking hardware, made-to-specification battery packs for navigation devices, private mobile radio (PMR), asset tracking and monitoring.

What is a battery pack & charging solution?

Battery packs and charging solutions developed for acoustic and thermal imaging equipment, calibration tools, network testers, electrical tools, HVAC meters and more. Custom battery packs for autonomous vehicle solutions, robotics, AGV's and AMR's in industries such as agriculture and industrial warehousing.
