Overview

Are uksol solar panels a good choice?

UKSOL solar panels are available in sleek black or silver, offering both high performance and a modern aesthetic to suit any installation. UKSOL solar panels feature N-Type TOPCon technology, an advanced solar cell design that enhances efficiency, durability, and energy yield.

Who are custom solar solutions?

Get in touch today for a no-obligation quote. Welcome to Custom Solar Solutions, your local independent Solar Photovoltaic experts in South Devon, UK. MCS Certified.

What do you think of custom solar?

“Custom Solar did an excellent job of installing solar panels for us, they were very clear on explaining everything and all options to us. They were friendly, tidy on site and were also very respectful of our home and of us working within our home. We are very pleased with the whole experience and would whole heartedly recommend them to anyone!”.

Why should you choose custom solar?

Your install designed to your own requirements “Custom Solar did an excellent job of installing solar panels for us, they were very clear on explaining everything and all options to us. They were friendly, tidy on site and were also very respectful of our home and of us working within our home.

Why is PV Cycle important?

It helps businesses ensure ethical and responsible sourcing, promoting transparency and compliance with international standards. PV CYCLE is a leading solar panel recycling initiative, ensuring responsible end-of-life management for photovoltaic modules.

Are solar panels a good choice for electric vehicle charging?

A Gallery of our solar panel and electric vehicle charging installations . .

Hybrid solar inverters store power during daytime for use after dark giving significant savings on electricity bills . . Electric Vehicle charging points should be regularly safety tested and inspected for physical damage and vandalism .

.
