

SolarInvert Energy Solutions

British supplier of multifunctional lead-acid batteries for communication base stations

Overview

Which lead acid battery manufacturers do you work with?

We work with many of the lead acid battery manufacturers such as Yuasa, Energys, Exide, Sonnenschein, Varta and Yuasa, while also offering our own brand Univercell Lead Acids. [Battery Cell Information](#).

Are Aceon lead acid batteries made in the UK?

AceOn manufacture a variety of custom built Lead Acid battery packs. AceOn are UK Lead Acid battery suppliers. There are many different types of lead acid batteries such as; deep cycle lead acid, flooded lead acid, valve regulated lead acid (VRLA), AGM sealed lead acid and gel lead acid.

What is a pure lead battery?

Smaller dimensions, lighter weight and front terminal access makes the pure lead batteries ideal for installation in a wide range of battery cabinets and racks. With available capacities of 101Ah to 210Ah (@ 10-hr.) the Pure Lead series are the batteries of choice when long service life is paramount.

What is lead acid used for?

Lead Acid is used in stationary applications like uninterruptible power supplies and emergency lighting. Because sealed lead acid is predictable and easy to maintain, it's a popular choice for medical applications.

Who is shield batteries?

Shield Batteries is a UK manufacturer and distributor of batteries and associated products. We provide a customer focussed service with the emphasis on flexible lead times, bespoke products, agreed delivery schedules and administrative support.

What types of batteries are available?

With expert knowledge across all battery types — including Sealed Lead Acid, NiCad, Nickel Metal Hydride, Lithium, and Alkaline — we provide tailored solutions to meet your exact needs. Discover More Get in Touch Today to Discuss Your Custom Battery Requirements: 01455 283 443
