

SolarInvert Energy Solutions

Burundi s photovoltaic base station for communications

Overview

The power station is located in the settlement of Mubuga, in the Gitega Province of Burundi, approximately 15.2 kilometres (9 mi), northeast of the city of Gitega, the political capital of that country. SummaryThe Mubuga Solar Power Station is a grid-connected 7.5 MW power plant in . The power station was constructed between January 2020 and October 2021, by Gigawatt Global Coöperatief.

This power station is the first grid-connected solar project developed by an IPP in Burundi. It is also the first major electricity generation investment in the country, in the past 30 years. The renew.

A number of financial institutions participated in the financing of this renewable energy project. The Renewable Energy Performance Platform, based in London, United Kingdom, "provided a bridge loa.
