Cape Verde Communications 5G Base Station Tender

Overview

Does Cape Verde have a commercial network?

a commercial network. The environment: Cape Verde is a country committed to environmental issues, having created legal mechanisms to protect and defend the environment, following international recommendations and best practices. For this reason, solutions must also consider components and evidence of environment.

What is the Cape Verde Digital Governance Project?

t, Digital Governance. The Project will support the Government of Cape Verde (GoCV) in its recent efforts to support activities aimed at increasing its capacity to better develop the digital governance plan, in a context of providing clear indications for infrastructure connectivity, notably in the development of a roadmap to implement the 5G sy.

What is a 5G pilot project?

t Model (Activity 2). 5G Pilot Project: This strategy may also include the possibility of a plan to implement a 5G pilot project that involves mobile communications operators, companies, application developers, universities and a selection of key public services, allowing them to benefit.

What are the requirements for a 5G network architecture?

of at least 1.0 Gbps. Network architecture must be based on the Non-Stand Alone (NSA), in order to facilitate the evolution of existing operators' 4G core network to a 5G core network, as well as facilitate interoperability between 4G and 5G networks and between suppliers
