# **Cost of communication base stations in Rwanda**

## Overview

---

• : • : • : 7,501 subscriptions, 175th in the world; less than 1% of population (2018) • : 379,331 subscriptions, 99th in the world; 3.2% of the population, 119th in the world (2012).

What telecommunications are available in Rwanda?

Telecommunications in Rwanda include radio, television, fixed and mobile telephones, and the Internet.

Can I listen to Rwanda's radio stations online?

Most radio stations in Rwanda are accessible online, either through their own websites and blogs, or through social media.

Who regulates telecommunications in Rwanda?

In Rwanda, the Rwanda Utilities Regulatory Agency (RURA) is one of the two government-appointed regulatory bodies that supervise the telecommunications sector. Along with the Rwanda Information Technology Authority under the Rwanda Development Board, RURA helps implement the country's policies and strategies in this sector.

When was mobile internet available in Rwanda?

The Internet has been available from mobile cellular phones in Rwanda since 2007. However, the high cost of phones and limited bandwidth restrained its popularity for several years. Rwanda ranked in first place in Africa for broadband download speeds and 62nd globally with a speed of 7.88 Mbit/s in February 2013.

What is the primary mode of communication in Rwanda?

Telecommunications in Rwanda include radio and television, fixed and mobile telephones, and the Internet.

What is the speed of the Internet in Rwanda?

In February 2013, Rwanda ranked first in Africa and 62nd globally for broadband download speeds, with a speed of 7.88 Mbit/s. Despite the availability of Internet from mobile cellular phones since 2007, its popularity was initially limited due to high phone costs and bandwidth constraints.

 **Efficient  
Higher Revenue**

- Max. Efficiency 97.5%
- Max. PV Input Voltage 600V
- 150% Peak Output Power
- 2 MPPT Trackers, 150% DC Input Overvoltage
- Max. PV Input Current 15A, Compatible with High Power Modules

 **Intelligent  
Simple O&M**

- IP65 Protection Degree: support outdoor installation
- Smart I-V Curve Diagnosis Function: locate PV string faults accurately and automatically detect faults
- DC & AC Type II SPD: prevent lightning damage
- Battery Reverse Connection Protection

 **Flexible  
Abundant Configuration**

- Plug & Play, EPS Switching Under 10ms
- Compatible with Lead-acid and Lithium Batteries
- Max. 6 units Inverters Parallel
- AFCI Function (Optional): when an arc fault is detected the inverter immediately stops operation
