Cuba container energy storage fire fighting system base station

Overview

The Matanzas oil storage facility explosion was an explosion on 5 August 2022 of an oil storage facility in , Cuba. It resulted in the death of at least one person, injuring 80 to 125 others, and leaving 17 missing. The explosion forced the evacuation of 4,900 people from the city, shut the local , and sparked fears of an energy crisis in the country.
