

## SolarInvert Energy Solutions

# Cyprus 2025 Communication Base Station Inverter

✓ LIQUID/AIR COOLING

✓ PROTECTION IP54/IP55

✓ PCS EMS

✓ BATTERY /6000 CYCLES

## Overview

---

Will Cyprus become a Gigabit society by 2025?

Already a strategic communications base, Cyprus now aims to become part of the European gigabit society by 2025 and is rolling out advanced next-generation services that are set to revolutionise all aspects of daily life.

How can Cyprus build a sustainable digital future?

Developing high-end networks and advanced satellite communications are part of Cyprus' efforts to build the foundations of a sustainable digital future and to strengthen its status as an international services hub and investment destination.

How does Cyprus perform towards the digital decade targets and objectives?

Cyprus' performance towards the Digital Decade targets and objectives. Cyprus has made remarkable progress in gigabit connectivity infrastructure but continues to face challenges in closing the digital skills gap between different segments of the population.

Does Cyprus have a good digital infrastructure?

Cyprus has made significant progress in recent years regarding its digital infrastructure, both in terms of fixed and mobile network coverage, as well as the penetration of broadband services, with substantial investments from both the telecommunications providers and the state.

Who are the major satellite providers in Cyprus?

Another major player in satellite services is Greek-Cypriot consortium Hellas Sat, which was formed in 2001. This agreement helped put Cyprus on the global satellite map and was an important step in strengthening the country's position as a successful regional satellite communications centre.

How can Cyprus improve its Telecoms Landscape?

The strategic geographical location of Cyprus, its established framework for technology and research initiatives, and skilled workforce are all key aspects in the efforts to upgrade its telecoms landscape in line with Europe's common digital agenda.
