

## SolarInvert Energy Solutions

# Dominica deep exploration of energy storage batteries

## Overview

---

The new BESS project is designed to significantly reduce reliance on diesel generation, enhances electricity quality, and strengthens infrastructure resilience in key regions of the island. The project is funded through the Caribbean Renewable Energy Fund, supported by the United Arab Emirates.

## Dominica deep exploration of energy storage batteries

---

### Dominica s new energy storage project electrochemical ...

The emergence of unconventional electrochemical energy storage devices, including hybrid batteries, hybrid redox flow cells and bacterial batteries, is part of the solution.
