Who makes the best string inverter?

German manufacturer SMA Solar Technologies was widely regarded as the best string inverter manufacturer before the Fronius snap-in series took the top spot in 2016. However, the new Sunny Boy AV series regained some market share after SMA relocated all manufacturing back to Germany in 2019.

What makes China a good inverter manufacturer?

Diverse Product Range: From small residential units to large utility-scale inverters, China provides options for every application. High Quality and Reliability: American manufacturers like Enphase adhere to rigorous quality standards, ensuring durable and dependable inverters.

Who makes Fimer solar inverters?

FIMER is a well-established Italian-based inverter manufacturer that took over ABB's solar division in early 2020. The company is in the process of revamping many of the ABB-style inverters and is expanding its range of high-quality string solar inverters for residential, commercial and utility-scale applications.

Are string solar inverters a good choice for utility-scale solar farms?

String solar inverters up to and above 100kW are also increasingly popular for utility-scale solar farms due to the advantages of string-level monitoring and

ease of servicing compared to central inverters. Below is our list of the most popular 3-phase inverters on the Australian market in the 8kW to 30kW and 30kW to 100kW categories.

Are SMA Solar inverters reliable?

SMA inverters have a proven track record for reliability and are generally considered one of the highest-quality inverters available. Local service and support are excellent, and SMA provides an optional 10 to 20-year extended warranty. See our detailed SMA solar Inverter review.
