# Double-glass and bifacial modules

## Double-glass and bifacial modules

---

### The Difference Between Bifacial Module and Double Glass Bifacial Module

In summary, the primary difference between a bifacial module and a double glass bifacial module is the presence of glass on both sides in the latter, which provides improved ...

### **For N-type Bifacial Technology, Dual Glass Structure is Preferred**

Dual glass is the preferred structure for the rear side cover of the N-type modules because the glass-glass version can maximize the advantages of the N-type.

[Get Price](#)

### **Bifacial Solar Panels: What are They and Are They Worth It?**

These days, many bifacial panel designs incorporate double/dual glass at the rear of the modules. Glass-glass panels

seems to better transmit light and are more resistant to ...
