# Emirates Communications Green Base Station Company

## Overview

---

What makes Emirates Group a sustainable company?

Sustainability and eco-efficiency are the cornerstones of all Emirates Group operations – both in the air, and on the ground. Our customers, staff and regulators are increasingly conscious about the environment and greenhouse gas emissions.

What is the Emirates Group's environmental policy?

For more information, you can read the Emirates Group's Environmental Policy . The Emirates Group's commitment to sustainability means multi-billion dollar investments in the most modern, eco-efficient technology available – in aircraft, engines and ground equipment, and by operating our assets in the most environmentally-responsible manner.

How do I contact Emirates Media?

If you want to get in touch with our media team, please mail us on: [pr@emirates.com](mailto:pr@emirates.com) If you're a customer and you have a general question about our services or would like some help, please visit our help centre .

Does Emirates support ICAO's CarbonNeutral approach?

Emirates supports the efforts in ICAO to establish this global approach, and we're committed to working with the ICAO to achieve carbon-neutral growth from 2020 and help to create a safe, efficient and environmentally responsible civil aviation sector. You can read more about the CORSIA on ICAO's website .

What makes Emirates a great airline?

The Emirates story started in 1985 when we launched operations with just two aircraft. Today, we fly the world's biggest fleets of Airbus A380s and Boeing 777s, offering our customers the comforts of the latest and most efficient wide-body aircraft in the skies.
