

## SolarInvert Energy Solutions

# Energy storage cabinet batch

## Overview

---

Why should you choose energy storage cabinets?

This ensures that energy storage cabinets can provide a complete solution in emergency situations such as fires. To accommodate different climates, we provide professional recommendations based on customer usage scenarios and requirements.

Do energy storage cabinets need to be painted?

This ensures that energy storage cabinets maintain excellent appearance and performance, as well as resisting corrosion and UV radiation. We place particular emphasis on comprehensive pre-paint processes, including degreasing, cleaning and neutralisation, to ensure excellent paint adhesion and quality.

Why should you choose Machan for your energy storage enclosure?

Machan has extensive experience in the manufacture of outdoor enclosures, enabling us to meet the diverse needs of energy storage enclosure customers across a range of industries and applications.

## Energy storage cabinet batch

### GRADE A BATTERY

LiFePO4 battery will not burn when overcharged, over discharged, overcurrent or short circuited and can withstand high temperatures without decomposition.
