

SolarInvert Energy Solutions

Energy storage cabinet fire protection system manufacturer

Overview

Why should you use a FirePro battery storage system?

Utilizing total flooding technology, FirePro systems quickly cool and smother fires, reducing the possibility re-ignition and thermal runaway propagation. Tested and proven, they ensure rapid, efficient fire control, making them essential for safeguarding your battery storage solutions.

Why do you need a fire suppression system?

Tested and proven, they ensure rapid, efficient fire control, making them essential for safeguarding your battery storage solutions. Firetrace International's focused suppression systems are the industry-leading option to suppress fires in electrical control cabinets and PCS.

What is NFPA 855 – energy storage systems (ESS)?

NFPA 855 – Energy Storage Systems (ESS) – Are You Prepared?

Energy Storage Systems (ESS) utilizing lithium-ion (Li-ion) batteries are the primary infrastructure for wind turbine farms, solar farms, and peak shaving facilities where the electrical grid is overburdened and cannot support the peak demands.

What is smart energy storage?

Standardized Smart Energy Storage with Zero Capacity Loss All-In-One integrated design, 1.76m² footprint, saving more than 30% of floor space compared to split type Low-voltage connection for AC-side cabinet integration, ensuring zero energy loss Four-in-one Safety Design: "Predict, Prevent, Resist and Improve".

What are the advantages of non-propagation fire suppression technology?

Resist: Non-propagation technology effectively contains thermal runaway
Improve: Water-gas combined fire suppression technology Fully pre-

assembled and delivered, enabling rapid deployment with installation and commissioning completed within 1-2 days. Backed by 24/7 after-sales support

Energy storage cabinet fire protection system manufacturer

Cabinet Energy Storage System , VREMT

Discover our high-efficiency, modular battery systems with zero capacity loss and rapid multi-cabinet response. Ideal for industrial, commercial, and emergency applications, our solutions ...

Outdoor Cabinet BESS
50 kWh/500 kWh Battery Storage System
Industrial and Commercial Energy Storage

- All in One**
Integrating battery packs
- High-capacity**
50-500kWh
- Degree of Protection**
IP54
- Operating Temperature Range**
-20~60°C (Derating above 50 °C)
- Intelligent Integration**
Integrated photovoltaic storage cabinet
- Rated AC Power**
50-100kW
- Altitude**
3000m(>3000m derating)
