

## SolarInvert Energy Solutions

# Energy storage equipment and energy storage cabinets

**TAX FREE**

### Product Model

HJ-ESS-215A(100KW/215KWh)  
HJ-ESS-115A(50KW 115KWh)

### Dimensions

1600\*1280\*2200mm  
1600\*1200\*2000mm

### Rated Battery Capacity

215KWH/115KWH

### Battery Cooling Method

Air Cooled/Liquid Cooled

## Overview

---

Who makes energy storage enclosures?

Machan offers comprehensive solutions for the manufacture of energy storage enclosures. We have extensive manufacturing experience covering services such as battery enclosures, grid energy storage systems, server cabinets and other sheet metal enclosure OEM services.

Why should you choose Machan for your energy storage enclosure?

Machan has extensive experience in the manufacture of outdoor enclosures, enabling us to meet the diverse needs of energy storage enclosure customers across a range of industries and applications.

Why should you choose energy storage cabinets?

This ensures that energy storage cabinets can provide a complete solution in emergency situations such as fires. To accommodate different climates, we provide professional recommendations based on customer usage scenarios and requirements.

What is smart energy storage?

Standardized Smart Energy Storage with Zero Capacity Loss All-In-One integrated design, 1.76㎡ footprint, saving more than 30% of floor space compared to split type Low-voltage connection for AC-side cabinet integration, ensuring zero energy loss Four-in-one Safety Design: "Predict, Prevent, Resist and Improve".

Do energy storage cabinets need to be painted?

This ensures that energy storage cabinets maintain excellent appearance and performance, as well as resisting corrosion and UV radiation. We place particular emphasis on comprehensive pre-paint processes, including degreasing, cleaning and neutralisation, to ensure excellent paint adhesion and quality.

What are the advantages of standardized Smart Energy Storage?

Zero capacity loss, 10 times faster multi-cabinet response, and innovative group control technology Meet various industrial and commercial production and life applications Standardized Smart Energy Storage with Zero Capacity Loss All-In-One integrated design, 1.76㎡ footprint, saving more than 30% of floor space compared to split type
