

SolarInvert Energy Solutions

Energy storage project launched

Overview

The U.S. Department of Energy (DOE) today announced up to \$325 million for 15 projects across 17 states and one tribal nation to accelerate the development of long-duration energy storage (LDES) technologies. Why did DTEK launch the largest battery storage facility in Eastern Europe?

DTEK has launched the largest battery storage facility in eastern Europe to bolster Ukraine's energy system ahead of expected mass Russian attacks on infrastructure this winter, the Ukrainian energy giant announced on Sept. 10.

Why is DOE launching a long duration storage shot?

Today's announcement will help DOE realize its Long Duration Storage Shot goal of reducing the cost of LDES by 90 percent by 2030 and supports the Biden-Harris Administration's efforts to advance critical clean energy technologies, expand the adoption of renewable energy resources, and strengthen America's energy security.

How can energy storage technology improve resiliency?

This FOA supports large-scale demonstration and deployment of storage technologies that will provide resiliency to critical facilities and infrastructure. Projects will show the ability of energy storage technologies to provide dependable supply of energy as back up generation during a grid outage or other emergency event.

Does FPL have a long-duration energy storage program?

Similarly to other US utilities, FPL has launched a long-duration energy storage (LDES) pilot programme to explore alternatives to lithium-ion based battery technology. According to Oliver's testimony, FPL will deploy two 10MW/100MWh LDES projects, expected to be operational by 2027 at a cost of approximately US\$78 million.

What did OE announce at the energy storage Grand Challenge summit?

OE made these announcements at its 4th Annual Energy Storage Grand Challenge Summit bringing together stakeholders who will shape the future of the electricity infrastructure through next-generation energy storage solutions.

What is the energy storage Grand Challenge summit?

Acceleration Vouchers for Innovators, Communities, and ESGC Summit
Participants Attendees at the Energy Storage Grand Challenge Summit will have an opportunity to learn about and apply for a voucher to access storage modeling and analytical capabilities at DOE national labs.
