

## SolarInvert Energy Solutions

# Equatorial Guinea BESS outdoor battery cabinet

## Overview

---

What is a Bess battery?

The small BESS series is a fully integrated battery energy storage system that's built to last. The Series is both scalable and engineered for modularity with a low MTTR, making it ideal for medium renewable energy projects. It offers flexible and scalable designs for various applications, whether you need a small or medium energy storage solution.

What are the different types of Bess cabinets?

Our BESS is modular, which means you can mix and match cabinets to suit your system requirements. Plus, it comes in two variants, AC Single Bay and AC Dual Bay. Medium BESS Cabinets The medium series battery energy storage system is designed with versatility and scalability in mind.

Why do you need an outdoor Battery Cabinet?

The cabinet is designed specifically to protect it from human damage, water, dust and other damages. Climate controlled products such as air conditioners, heat exchanger, or TEC coolers are installed on outdoor battery cabinet for keeping a stable temperature inside cabinet so as to increase service life and stability of battery.

What is a battery cabinet made of?

The cabinets are made of galvanized steel or aluminium, making them easy to position and providing a long service life. A slide-in racking system allows for easy installation of 19" rackmount style battery modules along with rain protected vents on both sides and on top for passive ventilation.

## Equatorial Guinea BESS outdoor battery cabinet

### All-in-one Outdoor Lithium Battery Storage Cabinet 215kWh 819.2V BESS

Outdoor Cabinet BESS CX-CI002 is an all-in-one 215kWh lithium battery storage cabinet system specifically developed for demand regulation, peak shaving, industrial and commercial energy ...
