

SolarInvert Energy Solutions

Ethiopia professional customized lithium battery pack

Overview

What is a custom LiFePO4 battery pack?

Our custom LiFePO4 battery packs are made in cylindrical and prismatic formats. LiPo batteries allow for greater flexibility and ensure the perfect fit for vehicles, machinery, and other various devices with unusual dimensions and weight requirements. Why Choose CMB As Your Custom Battery Pack Manufacturer?

What is a custom battery pack assembly service?

CMB's custom battery pack assembly services involve evaluating battery chemistries, casing design, and management systems based on customer needs. The process encompasses basic and advanced lithium battery pack design features, each tailored to meet specific requirements.

Why should you choose a custom lithium-ion battery?

With stringent adherence to safety standards and compatibility with diverse drone systems, our custom lithium-ion batteries cater to the unique needs of aerial photography, surveillance, mapping and surveying, search and rescue, agricultural, and more.

Can lithium ion batteries be recycled?

The demand for lithium ion batteries has been increasing lately. Our batteries can be recycled easily and with very little of a hassle. After supporting 6000+ projects, we're sure that we can do the hassle-free solution and service for you. Not only to protect your investment, but also our advanced BMS will make your battery more efficient.

Why should you choose a lithium-ion battery for Your Cleaning equipment?

Our custom lithium-ion batteries power a wide range of cleaning equipment, such as floor scrubbers, vacuum cleaners, ride-on sweepers, and pressure washers with superior performance and longer run times than traditional lead-

acid batteries. In addition, professional cleaning demands efficient and durable battery solutions.

Which lithium ion battery should I Choose?

Build Now! We only use the best quality lithium cells. They offer more energy and ensure that your device lasts as long as it should. If you need the batteries that needs to be charged really fast, this is your best choice. Grade A cells allow rapid charging. The demand for lithium ion batteries has been increasing lately.
