

SolarInvert Energy Solutions

Factory produces solar photovoltaic panels

Test certification
CE  FC 

Overview

Photovoltaics companies include PV capital equipment producers, cell manufacturers, panel manufacturers and installers. The list does not include silicon manufacturing companies.

This is a list of notable photovoltaics (PV) companies. Grid-connected solar (PV) is the fastest growing energy technology in the world, growing from a cumulative installed capacity of.

China now manufactures more than half of the world's solar photovoltaics. Its production has been rapidly escalating. In 2001 it had less than 1% of the world market. In contrast.

• • • • .

Top 10 by yearSummaryAccording to EnergyTrend, the 2011 global top ten , solar cell and solar module manufacturers by capacity were found in countries including People's Republic of China.

Other notable companies include: • , Hong Kong, China • , Tucson, Arizona, US •
