# Finland 125MW Energy Storage Project

## Overview

---

Will Alpiq buy 125 MW battery storage project in Finland?

Swiss power producer and energy services provider Alpiq announced the acquisition of a 125-MW battery storage project in Finland and said it would make more investments in the European energy storage sector. Illustration of a BESS project by Yann Bay Architectes. Image source: .

Who has approved the construction of 125 MW Bess in kukonkylä?

The permit committee of the municipality of Sievi has approved the construction of a 125 MW BESS in Kukonkylä. The permit was granted to KSFR Energy Storage Oy, a joint project development company by Korkia and Semecon Oy.

Is a 125 MW Bess project ready to build?

Kukonkylä BESS project has now achieved ready-to-build status, marking a major milestone in one of the largest publicly announced BESS projects in Finland. The permit committee of the municipality of Sievi has approved the construction of a 125 MW BESS in Kukonkylä.
