

SolarInvert Energy Solutions

France Energy New Energy Storage

Overview

Now, France is adding a new item to its résumé – becoming a European leader in energy storage solutions. With ambitious climate goals and a growing renewable energy sector, energy storage France initiatives are reshaping how the nation keeps its lights on (and its baguettes toasted).

France Energy New Energy Storage

France's largest battery storage system powers up

UK-based renewables developer Harmony Energy recently switched on its battery energy storage system (BESS) at the port of Nantes-Saint-Nazaire. With 100 MW of power ...
