

SolarInvert Energy Solutions

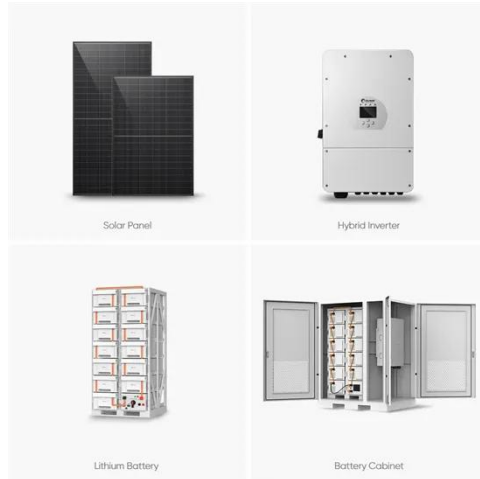

German Energy Investment Wind Solar and Storage Project

Overview

The target asset comprises a co-located 34-MWp solar site and an 11.7-MW battery energy storage system (BESS). It benefits from a fixed-price corporate power purchase agreement (PPA) and tariffs under the German Renewable Energy Sources Act (EEG).

German Energy Investment Wind Solar and Storage Project

Solar power in Germany - output, business

Far from being a sun-drenched country, Germany boasts one of the world's highest solar power outputs. The country triggered the large-scale ...
