

SolarInvert Energy Solutions

Germany large corrugated container wholesale

Overview

What types of boxes are available at Berlin Packaging?

Berlin Packaging features a wide range of boxes and mailers for all your shipping and gift box needs. Boxes are available in both white and brown and can be customized by size. Consider adding a printed logo to match your company branding. Lined and unlined mailers are useful for sending documents and small items.

Why should you choose corrugated cardboard packaging?

Whether printed cardboard packaging, constructive solutions or handling-optimised packaging – we will be happy to advise you! Pallet boxes and containers offer an efficient and space-saving way of storing and transporting products. A corrugated cardboard solution also offers many advantages for export.

Is corrugated board sustainable?

Our environment is unique and it is very dear to our heart. Corrugated board as raw material is by all odds not only sustainable, it also provides effective protection for the product, for which relatively less material is used. The other advantages are that corrugated board is of low weight, and it can be machine-processed excellently.
