

## SolarInvert Energy Solutions

# Greek outdoor battery cabinet local BESS

## Overview

---

What is C&I outdoor lithium battery storage cabinet system?

It integrates 215kWh LiFePO4 batteries with BMS, high-voltage box, power distribution system, PCS (Power Conversion System), control system, fire protection system, temperature control system, and EMS (Energy Management system) monitoring system. C&I Outdoor Lithium Battery Storage Cabinet System.

Why should you choose C&I lithium battery storage cabinets?

Our C&I lithium battery storage cabinets have helped many customers optimize energy management, reduce costs and improve operational efficiency. Through these successful cases, you will learn how we provide customized energy storage solutions for different companies to promote sustainable development and power stability.

How many battery cells are in a battery cabinet?

Each battery cabinet is with 240 battery cells in series with contactor, detective unit, sampling line, battery management systems, fuse, etc. BESS employs a sophisticated, multilevel battery management system (BMS) for system monitoring and control. Each battery management system including:
