

## SolarInvert Energy Solutions

# Greek rooftop photovoltaic panel manufacturer

## Overview

---

How many MWp solar systems are installed in Greece?

More than 3 MWp solar systems have been installed in Greece, contributing to improve the country's renewable energy footprint through 2,671 tons of CO<sub>2</sub> savings. One of the largest Greek installations is the 400 kWp solar project in Oropos, near the capital city Athens.

What is the largest solar project in Greece?

One of the largest Greek installations is the 400 kWp solar project in Oropos, near the capital city Athens. This ground-mounted photovoltaic project, split into four installations with a power capacity of 100 kWp each, is connected to the national grid generating up to 580,000 kWh per year.

What is a photovoltaic company?

The object of the company is the marketing, storage and promotion of photovoltaic equipment for the construction and installation of Photovoltaic Parks and domestic Photovoltaic installations of any size. We take advantage of the power of the sun in the most effective way!.

Who is wpd solar Hellas?

wpd Solar Hellas develops, finances, invests and operates photovoltaic projects. Utilizing the group's vast experience within the renewable energy industry over the past two decades, we support PV projects across all phases to ensure that targets are met, and profitability is guaranteed.

Why do you need a photovoltaic panel system?

We help to accelerate the transition to clean energy by providing high-quality photovoltaic panel systems. Our vision is to be the go-to provider of sustainable energy solutions for customers seeking to reduce their environmental impact and increase their energy efficiency.

Who is helapco?

HELAPCO is a non profit organization, established in 2002, representing the major PV companies active in the production, trading, installation and maintenance of photovoltaic systems in Greece. HELAPCO represents the domestic market in international meetings and fora, and is a member of SolarPower Europe.
