

SolarInvert Energy Solutions

Guatemala power generation container

✓ IP65/IP55 OUTDOOR CABINET

✓ OUTDOOR MODULE CABINET

✓ OUTDOOR 5G BASE STATION CABINET

✓ WATERPROOF

Overview

How many containers does Guatemala accept a year?

The port accepts approximately 358,000 containers of various sizes every year. The container cargo that Guatemala handles annually is competitive among other Central American countries. By the number of tons accepted annually, Guatemala is behind only Costa Rica and Panama. The Port of Guatemala City is currently undergoing renovations.

Does Guatemala have a natural gas power plant?

In a pioneering move for the region, the power plant will utilize locally produced natural gas. This departure from imported coal, diesel, or heavy fuel oil commonly used in Guatemala underscores the commitment to environmental sustainability.

When will Guatemala's first natural gas power plant be completed?

The project, slated for completion in 2025, marks a significant milestone in Guatemala's energy landscape as it introduces the country's first mid-scale power plant operating on natural gas.
