

SolarInvert Energy Solutions

Huawei Jordan Hybrid Energy Storage Project

18650 3.7V
Li-ion
RECHARGEABLE BATTERY

2000mAh

Overview

What makes Huawei a great energy storage company?

Huawei has more than 10 years of experience developing and researching energy storage systems, and this has been applied throughout a global installed base of more than 8 GWh.

What is Huawei's Red Sea energy storage project?

This project also represents the largest energy storage project since Huawei officially launched the Smart String Energy Storage Solution for utility-scale PV power plants in June 2021. Sitting on the Saudi Arabian Red Sea coast, the Red Sea project is one of the key projects as part of the Saudi Vision 2030.

Why did Huawei help Yalong hydro build the 1 GW Kela PV project?

In Ganzi, Sichuan, Huawei Digital Power helped Yalong Hydro build the 1 GW Kela PV Project, which is the world's largest and highest-altitude hydro-solar hybrid power plant. The project leverages digital and intelligent technologies to improve quality and efficiency, setting a benchmark for intelligent power plants.

What is Huawei digital power residential solution 5.0?

Sun Power, President of Residential Smart PV Business, Huawei Digital Power, launched the Residential Solution 5.0. Huawei Digital Power has upgraded its one-fits-all solution that integrates optimizers, PV, ESS, chargers, load, grid, and management system.

Will Huawei's Residential Solutions be a green future?

By the end of 2023, 3.3 million households around the world chosen Huawei's residential solutions to fulfil their green future. Carbon neutrality not only means technological transformation, but also extensive and profound social transformation.

Is Huawei a reliable partner?

Huawei is a reliable partner for customers all over the world, providing long-term and efficient support in terms of delivery and service. According to the contract, Huawei's FusionSolar Smart PV + Storage solution will be delivered from June 2022, and the whole project is expected to be completed on March 2023.
