Huawei Lithuania s new energy storage policy

Overview

How will Lithuania support energy storage projects?

Image: Energy Cells via LinkedIn. Lithuania can move ahead with a scheme to provide €180 million (US\$200 million) in grants to energy storage projects after it was approved by the EU. The programme will provide direct grants for the construction of the projects, with a target to support at least 1.2GWh of energy storage projects.

Will EU grant a battery storage project in Lithuania?

European Commission delegation visiting a Fluence battery storage project in Lithuania. Image: Energy Cells via LinkedIn. Lithuania can move ahead with a scheme to provide €180 million (US\$200 million) in grants to energy storage projects after it was approved by the EU.

What is Lithuania's energy policy?

This review focuses on two particularly important areas for Lithuania's energy policy. The first is how to manage the electricity system expansion needed to meet the strategic goals of the NEIS. The second is how to decarbonise the transport sector, which is the largest source of GHG emissions in Lithuania.

How can Lithuania achieve its energy goals?

This report seeks to provide Lithuania with timely advice on how it can progress towards its energy goals, including in two focus areas: expanding the electricity system and decarbonising transport. Lithuania outlines a long-term vision for an electrified energy system and new industrial development.

How does Lithuania support renewables?

IEA. CC BY 4.0. Lithuania's initial support scheme for renewables was introduced in 2011 and was based on feed-in tariffs valid for 12 years. Above 30 kW, feed-in tariffs were provided through technology-specific auctions.

What is Lithuania's energy security strategy?

Since regaining national independence in 1990, Lithuania has pursued a strategy of energy security, gradually reducing its reliance on energy imports from Russia. With the completion of the Butinge oil terminal in 1999, Lithuania was able to diversify its crude oil imports.
