Huawei Solar Energy Storage Charging Pile

3354KWH

1331.2V 2520AH

Overview

What is Huawei 'home charging pile'?

Huawei launched the “home charging pile” a new energy vehicle charging pile, which is an AC charging pile for home users, which supports up to 11kW charging specifications. The built-in intelligent platform can be remotely controlled and shared with relatives, friends, and family members.

How many Huawei Supercharge charging piles will be installed in China?

(Yicai) Dec. 8 -- Huawei Technologies will join hands with its clients and business partners to install over 100,000 Huawei SuperCharge charging piles along major roads in China next year. The project will touch more than 340 Chinese cities, Hou Jinlong, president of Huawei Digital Power Technology, said during an industry forum yesterday.

Does the Huawei home charging pile support 4G?

The Huawei home charging pile has a built-in 4G communication module and supports 5.0 Bluetooth. A mobile IoT SIM card and four-year data flow are provided with the pile body.

How many charging piles are there in China?

China had almost eight million charging piles as of Oct. 31, up 69 percent from a year ago, per statistics from the China Electric Vehicle Charging Infrastructure Promotion Alliance. The figure includes more than 2.5 million public charging piles, rising by more than half.
