

SolarInvert Energy Solutions

Huawei Thailand Energy Storage Battery Project

Overview

Huawei FusionSolar helps Mahidol University build a nearly zero-carbon campus with the Smart PV+ESS Solution that is safe, reliable, stable, and easy to operate. The optimizers improves energy yield by 10% with higher installed capacity and enables accurate fault location for refined management.

Huawei Thailand Energy Storage Battery Project

Southern Thailand Wind Power and Battery Energy Storage Project

The project will be the first private sector project in Thailand to integrate utility-scale wind power generation with battery energy storage and will have an important demonstration effect.
