

SolarInvert Energy Solutions

Huawei inverter production

Overview

“Huawei delivered 176 GWac of PV inverters and extended its global lead with strong performances in China, Europe, Latin America and Africa. Sungrow delivered 148 GWac, ranking behind Huawei in China and Europe, but leading in the US and in the rapidly growing markets of India and the Middle East.”What is a Huawei inverter?

Huawei inverters are becoming a benchmark for solar energy in residential and commercial applications. Huawei is a well-known brand in the solar energy sector.

Why should you buy a Huawei solar inverter?

Why Choose Huawei?

Huawei is a recognized leader in the solar industry, renowned for its commitment to quality, innovation, and cutting-edge technology. The combination of the SUN2000-115KTL-M2 on-grid inverter and Smart String ESS LUNA2000-215KWH brings together the best of both worlds: efficient energy conversion and advanced energy storage.

How does the Huawei fusion solar inverter work?

The inverter is equipped with advanced smart management capabilities, allowing for real-time monitoring and control through the Huawei FusionSolar app, providing insights into energy production and system performance.

Which solar inverter should I buy?

If you're looking for a cutting-edge solar solution that can deliver outstanding performance and flexibility, look no further than the Huawei on-grid inverter SUN2000-115KTL-M2 combined with the Smart String ESS LUNA2000 - 215kWh.

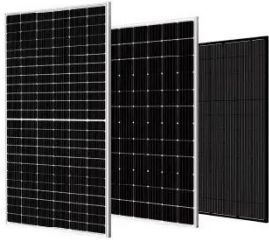

Which solar inverter supplier is the third-largest?

A inverter assembly line from Ginlong Solis, which was the third-largest inverter supplier last year. Image: Ginlong Solis. The world's top 10 solar inverter providers accounted for 86% market share in 2022, a year where the market saw a 48% increase in size year-on-year (YoY).

Why are inverter shipments increasing?

According to research group Wood Mackenzie (WoodMac), last year saw 333GWac of inverter shipments globally, driven by increased demand in Europe, the US and Asia-Pacific and easing supply chain challenges over the course of the year.
