# Is Cambodia planning to build an energy storage power station

## Overview

---

On June 16, 2025, Cambodia ushered in a major event in the energy field: Huawei Digital Energy and local energy leader SchneiTec jointly announced the official completion of the country's first energy storage power station. How will Cambodia's energy projects improve energy security?

These projects will generate a combined capacity of 3,950 MW, while the energy storage facilities will provide an additional 2,000 MW. With a total investment of \$5.79 billion, the projects aim to ensure a stable and affordable power supply, enhancing Cambodia's energy security by reducing reliance on energy imports.

How many solar projects does Cambodia approve?

Cambodia approves 23 power sector projects, including 2 energy storage plants, 12 solar projects. - EnergyTrend Cambodia approves 23 power sector projects, including 2 energy storage plants, 12 solar projects.

Why did Cambodia approve 23 new energy projects for 2024-2029?

Home - News - Cambodia Approves \$5.79 Billion in Clean Energy Projects to Boost Power Security The Cambodian Council of Ministers has approved 23 new energy projects for 2024-2029 to address the country's ongoing power shortages. The decision was made during a cabinet meeting chaired by Prime Minister Hun Manet on September 27 at the Peace Palace.

How much money does Cambodia need to build a power plant?

Cambodia requires an estimated \$9 billion investment to develop new power plants and expand the national grid. Between 2022 and 2025, \$2.5 billion has already been approved for key energy projects. Opportunities for investment include:.

Why is Cambodia investing \$579 billion in energy projects?

With a total investment of \$5.79 billion, the projects aim to ensure a stable

and affordable power supply, enhancing Cambodia's energy security by reducing reliance on energy imports. The initiative also supports Cambodia's goal of achieving 70% clean energy by 2030, contributing to global greenhouse gas reduction targets.

How many solar projects are approved in Khmer?

According to the Khmer Times, the approved projects include 12 solar projects, 6 wind projects, 1 biomass and solar combined project, 1 LNG power generation project, 1 hydropower project, and 2 energy storage stations.
