Is Senegal selling a good brand of outdoor power supply

Overview

What is the best brand for a power supply?

Gigabyte, specifically the one that has a self destruct feature There arent, check each model individually. Seasonic is generally good but had some stinkers too, even the infamous Gigabyte with their exploding PSUs has some good models too, like Aorus line.

Is there a bad power supply brand?

The good news is that there really is no such thing as a bad power supply brand anymore, so you can still buy a power supply from essentially any brand and have a good experience. Here is a list of the major power supply brands ranked from worst to best based on warranties, where the parts come from, and overall selection.

What is the best power supply on be quiet?

At the top of Be Quiet's totem pole is the Dark Power 13, which is one of the highest-rated power supplies on the market. The Dark Power 12, Straight Power 11, and Pure Power 12M round out its high-end lineup.
