

## SolarInvert Energy Solutions

**Is there a large demand for outdoor power supply**

## Overview

---

The global COVID-19 pandemic has been unprecedented and staggering, with outdoor power supply experiencing higher-than-anticipated demand across all regions compared to pre-pandemic levels. The sudden spike in CAGR is attributable to the market's growth and demand returning to pre-pandemic.

"Inventive Technology Will Lead to Growing Demands" Manufacturing companies are concentrating on creating fully and partially automated lawn equipment.

"Rising Urbanization Will Lead to Market Demands." The market for outdoor power supplies is anticipated to rise as a result of factors like rising urbanization.

"High Maintenance Costs Will Hamper the Market's Demand." Although the future appears bright, the business still has to deal with a number of issues related to.

The outdoor power supply market is experiencing significant growth driven by increasing demand for portable and reliable energy sources in residential, commercial, and industrial sectors. Why is outdoor power equipment so popular?

The current trends of remote and hybrid working models, as well as flexible working hours among businesses in the U.S., have ensured that people have more free time on their hands to indulge in gardening and landscaping, thus strengthening the U.S. market demand for outdoor power equipment.

Which country has the largest outdoor power equipment market in 2023?

The U.S. accounted for 25.33% of the revenue share in the global outdoor power equipment market in 2023. The country is witnessing a shift towards greener and more efficient offerings to comply with government regulations and lower the emissions caused by conventional gas-powered equipment.

Which segment dominated the outdoor power equipment market in 2023?

The residential segment held a larger share in the U.S. outdoor power

equipment market in 2023, owing to increasing sales of products such as lawn movers, chainsaws, and trimmers to homeowners.

Is there a threat to outdoor power equipment?

The threat of substitutes is very low, as outdoor power equipment are undergoing technological developments to further improve their functioning and efficiency. The end-user base is significantly large, consisting of both households and commercial establishments.

What are the different types of outdoor power equipment?

There is a significant demand for different types of outdoor power equipment such as lawn mowers, chainsaws, and blowers among the U.S. population, due to which companies are increasingly focusing on launching advanced products in the market.

Who makes outdoor power equipment?

The U.S. market for outdoor power equipment is populated with several global and country manufacturers, leading to a high frequency of product launches. For instance, in February 2023, Ariens, a brand of AriensCo, launched the RAZOR walk-behind mower.
