What is the focus of Island Solar?

Island Solar is based in Nassau, Bahamas and is committed to installing safe, high quality, code compliant and long lasting solar electric (photovoltaic) systems in the Bahamas and across the Caribbean.

What is swimsol solar powerplant at sea?

Swimsol provides a unique solution to achieve desired solar production capacity – floating solar powerplant at sea (offshore solar). SolarSea produces 5-10% more energy due to natural cooling at sea. Swimsol technology is already competitive in islands and tropical regions using diesel for power.

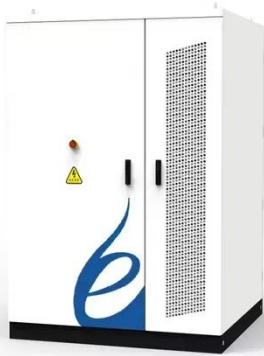

Are REC Solar panels a good brand?

Norwegian brand REC is known primarily for its premium-class residential PV modules. However, it doesn't limit itself to this: the product line is wide enough that you can use wholesale REC solar panels for building a strong commercial system, small or large. REC products are known for high quality, great warranties and innovations.

Are Trina Solar panels a good choice?

Trina Solar engineers have broken several world records for silicon cell efficiency. At the same time, the company keeps the panels affordable for the general public. Their Vertex S series is a great choice both for residential and small commercial solar installation.
