# Italy s new outdoor power supply market

## Overview

---

How big is Italy's renewable power market?

GlobalData's latest report, "Italy Power Market Size, Trends, Regulations, Competitive Landscape and Forecast, 2024-2035" reveals that Italy is expected to have 107.7GW of renewable capacity by 2030, with the share of renewables in total annual generation reaching around 59% by 2030.

What is Italy power market report?

The Italy Power Market Report is Segmented by Power Generation From Source (Thermal and Renewable Power), End-Users (Utilities, Commercial and Industrial, and Residential), and Power Transmission and Distribution (Qualitative Analysis Only). The Market Sizes and Forecasts are Provided in Terms of Installed Capacity (GW).

Why is the power market growing in Italy?

The growth of the power market in Italy is primarily attributed to the increase in the use of renewable energy sources and favorable government policies. Italy is steadily progressing to reach the emissions reductions and energy efficiency targets set in its National Energy and Climate Plan (NECP) for 2030.

How big is Italy power market?

Image © Mordor Intelligence. Reuse requires attribution under CC BY 4.0. The Italy Power Market size in terms of installed base is expected to grow from 144.86 gigawatt in 2025 to 182.54 gigawatt by 2030, at a CAGR of 4.73% during the forecast period (2025-2030).

Does Italy need a power infrastructure?

Italy recognizes the necessity to enhance its power infrastructure to support new renewable energy generation and manage the distribution of electricity. Advanced metering infrastructure (AMI) and demand response systems play a crucial role in efficient energy management and fostering consumer

engagement in the energy market.

What is Italy's power market share in 2024?

The utilities segment held 68.12% Italy's power market share in 2024, reflecting control of large generation fleets and regulated distribution franchises. Residential demand, however, is forecast to post a 12.89% CAGR between 2025 and 2030, the fastest among customer classes.
