

SolarInvert Energy Solutions

Jordanian large energy storage vehicle manufacturer

Overview

Who drives an electric car in Jordan?

Queen Rania of Jordan is one of many Jordanians who drive an electric car. (Photo by JAMAL . More Norway has the highest share of electric cars sales in the world, with the Middle Eastern country of Jordan as a surprising second - despite many obstacles. Almost all cars are imported to Jordan through the free trade zone.

Is battery energy storage possible in Jordan?

In response to this, Fichtner in collaboration with the Jordanian Ministry of Energy and the transmission system operator, NEPCO, has analyzed the potential for battery energy storage and, in the role of Transaction Advisor, is providing support for implementing a pilot project.

Why are electric vehicles so popular in Jordan?

The surge in electric vehicle sales in Jordan is no accident; it's the result of smart policies and forward-thinking incentives. Beyond the allure of free customs tax for the first five years and the current reduced rates, a game-changing factor has recently emerged: the introduction of the Time of Use (TOU) electricity tariff.

Are EVs a trend in Jordan?

In Jordan, this global trend has translated into exponential growth, with EVs making up 66.5% of all car sales by Q1 2024. This places Jordan second only to Norway, underscoring the nation's rapid embrace of electric mobility. As more Jordanians make the switch to electric vehicles, the infrastructure is quickly catching up.

How has Jordan shaped the future of electric vehicles?

Beyond economic incentives, Jordan's regulatory landscape has been pivotal in shaping the future of electric vehicles. On August 12th, 2024, the

government took a decisive step by issuing new regulations for accrediting inspection centers for used EVs.

What are the best EVs in Jordan?

The best selling EVs in Jordan are Volkswagens, BYDs, Hyundais, Kias, Nissans and the cheap Changan, almost all of them produced in China. There is talk about local assembly in Jordan, but the lack of expertise and tradition has until now proved a hindrance.
